Gen. Butler is to submit to the reconstruction committee the draft of a bill he has prepared for the reconstruction of Tennessee. Its effect is to throw out of power so much of the Tennessee State government as was elected in August last, but to reach this end it does not propose to put the State under military control nor territorialize it. The bill declares Gov. Senter's election null and void, orders a new registration and a new election, and that U.S. officers are to execute the same. This intended interference with a State government, Jully represented in Congress, creates a "sensation."

The funeral of Baron Nathaniel Rothschild io Paris, brought together an immense concourse of poor persons, among whom existed the belief that the family of the deceased would distribute a napoleon to every poor person who demanded it. On the contrary, a large sum was handed over to the parish charitable fund, and another to the various Jewish insti-

A contract has been signed with English capitalists for the construction of a central underground railroad in the city of New York, from the City Hall to Forty second street, within two years. The work begins in June, and \$10,000,000 security has been given for its performance.

A violent hail and snow storm extended all over the North Western section of this country on Saturday. The streets were blocked up in Chicago, and the weight of the snow crushed the roof of the court house in that city. The

storm at Louisville, Ky., was very severe. The Waverley National Bank at Elmira, New York, was entered by burglars, Saturday and robbed of the most of their contents. The amount stolen has not been ascertained.

## VIRGINIA NEWS.

The Fredericksburg Herald says:-"The Virginia House of Delegates has passed a bill in relation to homesteads in this State. Under its provisions a householder can only dispossess himself of the homestead right by solemn relinquishment in the form of a deed, duly recorded in the clerk's office. It is estimated there are one hundred thousand persons in the State who will be entitled to the privileges of the act-that is, that number possessed now of homesteads of the value of \$2,000 or more. It this number shall claim the exemption, then the State will have property of the value of \$200,000,000 withdrawn from the channels of commerce and not subject to the laws of trade." This bill is before the State Senate.

The Richmond correspondent of the Petersburg Express says :- "The Governor has been besieged from many quarters with petitions asking appointment to fill vacancies in offices indispensable to the well being of society; and we are persuaded that if he does with the advice of the people themselves, he cannot greatly fail to meet their wishes, and his own, for honest and capable ad interim officers. If his appointees are not those whom the people prefer, they can be displaced by the people. And the elections are not far off; for municipal offices they are fixed for May."

Revenue officers at Fredericksburg yesterday seized 50,000 cigars and twenty barrels of will be sold at the lowest prices. whiskey for alleged violation of the Revenue

Thos. D. Clagett, a native of Md., died, a few days ago, in Prince Wm. County.

WESLEY'S PREACHING .- "It was, I believe, in October, 1790, and not long before his death, that I heard John Wesley in the great, round meeting house at Cholchester. He stood in a wide pulpit, and on each side stood a minister and the two held him up, having their hands under his armpits. His feeble voice was hardly audible. But his reverend countenance especially his long, white locks, formed a pic-ture never to be forgotten. There was a vast crowd of lovers and admirers. It was, for the most part, pantomime, but the pantomime went to the heart. Of the kind I never saw went to the heart. Of the kind I never saw anything comparable to it in after life." P 10. If family use, yet there are other uses for it, which the insident was rever forgetten by Rebisson. This incident was never forgotten by Robinson. ile often related it at his own table, with the addition, that so greatly was Wesley reverenced, that the people stood in a double line to see him as he passed through the streets on his way to the chapel. In a letter written at the time to one of his brothers, he gave the following particulars: "At another time, and not knowing the man, I should almost have ridiculed his figure. Far from it now, I look all returned to us in good order by Sept. 1st. upon him with a respect bordering upon enthusiasm. After the people had sung one verse great pleasure to find that you have not lost your singing. Neither men nor women was your singing. Neither men nor women-you have not forgot a single note. And I hope that by the assistance of the same God, who enables you to sing well, you may do all other things well.' A universal 'Amen' followed. At the end of every head or division of his dis course, he finished by a kind of prayer, a momentary wish, as it were, not consisting of more than three or four words, which were always followed by a universal buzz. His discourse was short, the text I could not hear. After the last prayer he rose up and addressed the people upon liberality of sentiment and spoke much against refusing to join with any congregation on account of difference of opinion. He said, 'It they do but fear God, work righteousness, and keep his commandments, we have nothing to object to."—Diary of

Henry Crabb Robinson. FARMING CO-OPERATION. - There is a very strong desire among many of the farmers of the Eastern and Western States, to work their the Eastern and Western States, to work their lands on the principle of co-operation. Working farms 'upon shares' is no new thing, but to make the system general would be a novelty. To make the pay of farm laborers, in part at least dependent upon the success of theirlabor, would inspire them with an interest that would yield to all parties concerned.
